

Pick-up/Drop-off Policy

Dear Students & Parents,

I wanted to take a moment to reiterate some of our policies. We love for our parents to come watch, and we prefer it. However, we also realize that it is not possible for everyone to attend each class. Because instructors must maintain their focus on the class/class transitions, it is not possible for us to watch over students not in class. If dropping off and picking up your child, please follow these –

- Please try not to drop off/pick-up more than 10 minutes before or after class times without making prior arrangement with instructors.
- The instructors are focused on the instruction and safety of the current class. All students from the previous class are to wait inside for parents to arrive. We are between two busy roads and instructors cannot see outside. For the same reasons, students for the next class must wait inside.
- If your child is getting home on his/her own or someone else is picking them up, please let us know . If the change is ongoing, please inform us in writing.
- There is to be no playing in the parking lot or around the building.
- Finally, please take responsibility for your child as he/she crosses to your car. Safety first.
